Introduction and financial highlights

Tasty plc operates two restaurant concepts in the UK Casual Dining sector: Wildwood and dim t.

Wildwood

National expansion of our 'Pizza, Pasta, Grill' restaurant has continued with thirteen openings during the period (twelve in 2015 and seven in 2014). Our sites are primarily based on the high street, however we have a number of leisure, retail and tourist locations which trade well, highlighting the broad appeal and scalability of the offering. The 'all day' appeal of the brand has been improved by the addition of a delicatessen and a broader family offer.

Currently trading from 56 restaurants, Wildwood remains the main focus for expansion in the coming 12 months.

dim t

Our pan-asian restaurant trades from 7 sites, serving a wide range of dishes including, dim sum, noodles, soup and curry.

Financial highlights

- Revenue increase of 28% (2015 – 20%)
- Gross profit increase 26% (2015 – 19%)
- Headline EBITDA of £7.1m (2015 - £5.8m)
- Headline operating profit of £4.8m (2015 - £3.9m)
- 13 restaurants opened during the period (2015 – 13)
- Net debt of £2m (2015 - £3.5m)
- Since the year end
 - Opened 2 Wildwood sites
 - Further 2 Wildwood sites opening imminently

Chairman's statement

I am pleased to be reporting on the Group's annual results for the 53 week period ended 1 January 2017 and the comparative 52 week period ended 27 December 2015.

Results

The Group continued its expansion this year with revenue increasing 28% on last year to £45,847,000 (2015 - £35,794,000). Headline Operating profit was £4,792,000 up from £3,951,000 in the previous period and pre-opening costs for the period totalled £642,000 (2015 - £644,000).

The Board does not recommend the payment of a dividend at this stage of the Group's development.

Openings

Thirteen Wildwood restaurants were opened during the year: Abingdon, Braintree, Letchworth and Ilkley all opened in the first half of the year. Crawley, Cheam and Lincoln opened in Quarter three and Bournemouth, Llandudno, Worcester Park, Edinburgh, York and Northwich all opened in Quarter four.

Since the year end the Company has continued its expansion programme with two new sites opened, two sites under construction and a number of other sites at various stages of completion and negotiation.

Review of the business

The Group has implemented its programme of operational improvements during the period which has included changes to the central kitchen infrastructure and upgrades to a number of key systems. Appointments have been made across the Group in: Operations, Marketing, Finance and HR departments to support future openings and the Group's expansion. The Group websites and the wider digital marketing strategy continue to be developed as planned.

During the year the Group undertook a comprehensive review of its estate and has recognised impairment charges against a number of sites. Turnaround strategies have been implemented at these sites in an effort to bring performance of these restaurants in line with the rest of the estate. Overall, the Group traded in line with expectations. After taking into account all non-trade adjustments the Group has a stated loss after tax for the period of £848,000 (2015 – profit £2,467,000)

At the end of the period the Group operated 61 restaurants. Currently, the Group has 63 restaurants in operation - 7 Dim T and 56 Wildwood.

Chairman's statement

Cash flows

Net cash outflow for the period before financing was £6,883,000 (2015- £4,759,000). This is largely represented by capital expenditure on the expansion of the business through the opening of the above sites. Cash flows generated from operations were £5,368,000 (2015 - £5,076,000).

During the year the Group updated its banking facility with Barclays, increasing the facility to £12,000,000 (2015 – available facility of £8,000,000) to be used for future capital expenditure. As at 1 January 2017 the Company had drawn £7,000,000 of the available facility.

The Company issued Ordinary shares during the period resulting in a cash inflow of £8,630,000 (2015 - £52,000). Cash and cash equivalents held at the end of the period were £5,004,000 (2015 - £2,221,000). The Group is cash generative and has a strong capital footing for the future.

Pre-opening costs and accounting adjustments

Pre-opening costs have been highlighted in the income statement as these costs represent revenue expenses, such as rent, rates and training costs, which are necessarily incurred in the period before a new unit is opened, but which are specific to the opening of that unit and not part of the Group's normal ongoing trading performance.

The Group recognises a number of charges in the accounts which arise under accounting rules which have no transactional cash impact. These charges include share based payments.

Staff

As ever, it is our dedicated staff that have contributed significantly throughout the year to the Group's much improved performance, and I would like to take this opportunity of thanking them again for their hard work and effort.

Current Trading

Post year end trade has been below expectations and the Directors believe that the trading environment for the coming 12 months will remain challenging. As a result, the Group has revised down the planned number of openings for the current year from 15 to 7 and expects that headline operating profit will be below that achieved in 2016. The Group is undertaking a full review of the estate and operational structure and is implementing a number of strategies to improve performance.

The Directors believe the Group's core 'Wildwood' brand remains attractive to customers and the Group is taking positive action to address the expected financial performance and ensure growth in the future.

Strategic report for the 53 weeks ended 1 January 2017

Business review

Results for the 53 week period ended 1 January 2017 are set out on page 13.

Revenue for the period increased 28% on last year to £45,847,000 (2015 52 weeks - £35,794,000). Headline EBITDA before pre-opening costs and non-operating items was £7,070,000 (2015 - £5,831,000). Pre-opening costs for the period totalled £642,000 (2015 - £644,000).

In the previous period the Group identified a number of structural improvements that needed to be made in response to the growing number of sites being operated. Structural changes are still ongoing and are set to be completed in H1 of 2017.

In order to simplify the roll out plan, improve operational performance and to recognise a number of cost savings all Wildwood Kitchen sites were converted into Wildwood sites during Quarter 4 resulting in exceptional costs of £55,000 (2015 - £nil).

A number of site impairments have been made during the year, primarily of Wildwood Kitchen sites opened in 2014 and 2015 resulting in an impairment charge of £3,576,000 (2015 - £nil). The Group has implemented turnaround strategies at these sites, including rebranding, in an effort to bring performance of these restaurants in line with the rest of the estate and will be assessing the success of these changes in the coming months and will take additional corrective steps where necessary.

In order to meet the increasing challenges of maintaining brand values as the geographical footprint of the Group grows, an extensive management training programme has been designed and implemented. Focussed on the store management team, the 4 week programme has had a very positive response from staff and is one of a number of strategies that the Group is using to increase staff engagement and reduce employee turnover.

Overall, the Group traded in line with expectations for the period. Margins for the year have been depressed as a result of the one off structural improvement programme that has been undertaken. Headline operating profit increased in the year to £4,792,000 (2015 - £3,951,000) and the group achieved a pre-tax loss (after exceptional items) of £88,000 (2015 – profit £3,067,000).

A further review of the business is included in the Chairman's Statement on page 4.

Key performance indicators

The Directors utilise a large number of detailed performance indicators which are used to manage the business but, as with most businesses, the focus in the income Statement at the top level is on sales, Headline EBITDA and Headline operating profit compared to budget and the previous year. Increase in revenue and Headline operating profit are in line with expectations and are achieved as a result of the Group's expansion plan.

The Directors recognise the importance of customer relations and staff are extensively trained in this regard. Performance is monitored by reference to the results of regular mystery diner visits and staff bonuses are calculated with the results and comments arising from these visits and other customer feedback.

Strategic report for the 53 weeks ended 1 January 2017

Principal uncertainties and risks

Economic conditions

The results of the Brexit referendum have created a high level of uncertainty across a range of issues that impact the economy. Deterioration in consumer confidence due to future economic conditions could have a detrimental impact on the Group in terms of footfall and sales. This risk is mitigated by the positioning of the Group's brands, which is within the affordable segment of the casual dining market. Continued focus on customer relations and targeted and adaptable marketing initiatives help the Group retain and drive sales where footfall declines.

Food cost inflation

Food costs face inflationary pressures in the short and medium term due to rises in commodity prices and the falling value of GBP as a result of Brexit. The Group monitors its food supply chain closely, regularly reviewing food costs and implementing a variety of strategies to mitigate the impact of increases.

Labour cost inflation

Labour cost pressures which are outside of the control of the Group, such as auto enrolment pension costs, minimum wage / Living wage increases and the upcoming apprenticeship levy, are suffered by the Group and its competitors. Labour cost are regularly monitored and on-going initiatives are used to reduce the impact of such pressures.

Strategic risks

The acquisition of suitable and well located quality sites in order to continue the Group's expansion is proving to be demanding. The Group has a strong and experienced property acquisition team with good relationships with external agents and advisers.

Outlook

Post year end trade has been below expectations and the Directors believe that the trading environment for the coming 12 months will remain challenging. As a result, the Group has revised down the planned number of openings for the current year from 15 to 7 and expects that headline operating profit will be below that achieved in 2016. The Group is undertaking a full review of the estate and operational structure and is implementing a number of strategies to improve performance.

The Directors believe the Group's core 'Wildwood' brand remain attractive to customers and the Group is taking positive action to address the expected financial performance and ensure growth in the future.

Statement of directors' responsibilities

The Directors are responsible for preparing the strategic report, the annual report and the financial statements in accordance with applicable law and regulations.

Company law requires the Directors to prepare financial statements for each financial year. Under that law the Directors have elected to prepare the Group and Company financial statements in accordance with International Financial Reporting Standards (IFRSs) as adopted by the European Union. Under Company law the Directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the Group and the Company and of the profit or loss of the Group for that period. The Directors are also required to prepare financial statements in accordance with the rules of the London Stock Exchange for companies trading securities on the Alternative Investment Market.

In preparing these financial statements, the Directors are required to:

- select suitable accounting policies and then apply them consistently;
- make judgements and accounting estimates that are reasonable and prudent;
- state whether they have been prepared in accordance with IFRSs as adopted by the European Union, subject to any material departures disclosed and explained in the financial statements;
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the Company will continue in business.

The Directors are responsible for keeping adequate accounting records that are sufficient to show and explain the Company's transactions and disclose with reasonable accuracy at any time the financial position of the Company and enable them to ensure that the financial statements comply with the requirements of the Companies Act 2006. They are also responsible for safeguarding the assets of the Company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

Website publication

The Directors are responsible for ensuring the annual report and the financial statements are made available on a website. Financial statements are published on the Company's website in accordance with legislation in the United Kingdom governing the preparation and dissemination of financial statements, which may vary from legislation in other jurisdictions. The maintenance and integrity of the Company's website is the responsibility of the Directors. The Directors' responsibility also extends to the ongoing integrity of the financial statements contained therein.

Independent auditors' report to the members of Tasty plc

We have audited the financial statements of Tasty plc for the period ended 1 January 2017 which comprise the consolidated statement of comprehensive income, the consolidated and Company statements of changes in equity, the consolidated and Company balance sheets, the consolidated and Company cash flow statements and the related notes. The financial reporting framework that has been applied in their preparation is applicable law and International Financial Reporting Standards (IFRSs) as adopted by the European Union and, as regards the parent Company financial statements, as applied in accordance with the provisions of the Companies Act 2006.

This report is made solely to the Company's members, as a body, in accordance with Chapter 3 of Part 16 of the Companies Act 2006. Our audit work has been undertaken so that we might state to the Company's members those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the Company and the Company's members as a body, for our audit work, for this report, or for the opinions we have formed.

Respective responsibilities of directors and auditors

As explained more fully in the statement of Directors' responsibilities, the Directors are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view. Our responsibility is to audit and express an opinion on the financial statements in accordance with applicable law and International Standards on Auditing (UK and Ireland). Those standards require us to comply with the Financial Reporting Council's (FRC's) Ethical Standards for Auditors.

Scope of the audit of the financial statements

A description of the scope of an audit of financial statements is provided on the FRC's website at www.frc.org.uk/auditscopeukprivate.

Opinion on financial statements

In our opinion:

- the financial statements give a true and fair view of the state of the Group's and the parent Company's affairs as at 1 January 2017 and of the Group's loss for the period then ended;
- the Group financial statements have been properly prepared in accordance with IFRSs as adopted by the European Union;
- the parent Company financial statements have been properly prepared in accordance with IFRSs as adopted by the European Union and as applied in accordance with the provisions of the Companies Act 2006; and
- the financial statements have been prepared in accordance with the requirements of the Companies Act 2006.

Independent auditors' report to the members of Tasty plc

Opinion on other matters prescribed by the Companies Act 2006

In our opinion the information given in the strategic report and directors' report for the financial period for which the financial statements are prepared is consistent with the financial statements.

Matters on which we are required to report by exception

We have nothing to report in respect of the following matters where the Companies Act 2006 requires us to report to you if, in our opinion:

- adequate accounting records have not been kept by the parent Company, or returns adequate for our audit have not been received from branches not visited by us; or
- the parent Company financial statements are not in agreement with the accounting records and returns; or
- certain disclosures of directors' remuneration specified by law are not made; or
- we have not received all the information and explanations we require for our audit.

1 Accounting policies

(a) Statement of compliance

These financial statements have been prepared in accordance with International Financial Reporting Standards, International Accounting Standards and Interpretations (collectively IFRS) issued by the International Accounting Standards Board (IASB) as adopted by European Union ("adopted IFRSs").

(b) Basis of preparation

The financial statements cover the 53 week period ended 1 January 2017, with a comparative period of the 52 week period ended 27 December 2015. The financial statements are presented in sterling, rounded to the nearest thousand and are prepared on the historical cost basis.

(c) Changes in accounting policy

Standards, amendments and interpretations, issued by the IASB or the International Financial Reporting Interpretations Committee (IFRIC) and endorsed by the EU, which were effective for the first time in the current financial year did not have a significant impact on these financial statements.

The following standards and interpretations (including updates and amendments) are not yet effective and have not been early adopted by the Group. The Group is assessing the impact these standards and interpretations will have on the presentation of results in future periods.

- IFRS 15 'Revenue from contracts with customers' – effective from 1 January 2018
- IFRS 9 'Financial Instruments' – effective from 1 January 2018
- IFRS 16 'Leases' – effective date to be confirmed

(d) Basis of consolidation

The consolidated financial statements incorporate the results of the Company and its subsidiary, Took Us A Long Time Limited. The accounting period of the subsidiary is co-terminous with that of the parent undertaking.

The merger method of accounting was used to consolidate the results of the subsidiary undertaking because the transaction was a Group reconstruction. The merger of the two companies took place on 26 June 2006 and the shares issued were recorded in the Company's balance sheet at nominal value of the shares issued plus fair value of any additional consideration. The difference between the nominal value of the shares issued and the nominal value of the shares acquired was taken to a merger reserve in the Group accounts.

Notes

(e) Revenue

Revenue represents amounts received and receivable for goods and services provided (excluding value added tax) in the normal course of business. Revenue is recognised at the point goods and services are provided.

(f) Pre-opening costs

Property rentals and other related overhead expenses incurred prior to a new restaurant opening are written off to the income statement in the period that they are incurred. Similarly, the costs of training new staff during the pre-opening phase are written-off as incurred. These expenses are specific to the opening of that unit and not part of the Group's normal ongoing trading performance.

(g) Retirement benefits: Defined contribution schemes

Contributions to defined contribution pension schemes are charged to the consolidated income statement in the period to which they relate.

(h) Share based payments

The Company operates a number of equity-settled share-based payment schemes under which share options are granted to certain employees. The costs of equity-settled transactions are measured at fair value at the date of grant. Fair value is measured using the Black-Scholes or binomial model. In determining fair value, no account is taken of any vesting conditions, other than conditions linked to the price of the Company's shares (market-based conditions).

No expense is recognised for awards that do not ultimately vest, except for awards where vesting is conditional upon a market condition, which are treated as vesting irrespective of whether or not the market condition is satisfied, provided all other conditions are satisfied. The fair value determined at the grant date is then expensed on a straight line over the vesting period, based on the directors' best estimate of the number of shares that will eventually vest and adjusted for the effect of non-market based vesting conditions. The movement in the cumulative expense since the previous balance sheet date is recognised in the Income Statement, with the corresponding movement taken to equity.

Where the terms and conditions of options are modified before they vest or where options have been cancelled and reissued with modified terms, the increase in the fair value of the options, measured immediately before and after the modification, is also charged to the income statement over the remaining vesting period.

The grant by the Company of options over its equity instruments to the employees of its subsidiary in the Group is treated as a capital contribution. The fair value of employee services received, measured by reference to the grant date fair value, is recognised over the vesting period as an increase to investment in subsidiary undertakings, with a corresponding credit to equity.

(i) Externally acquired intangible assets

Externally acquired intangible assets are initially recognised at cost and subsequently amortised on a straight-line basis over their useful economic lives. The amortisation expense is included within the cost of sales line in the consolidated income statement.

The significant intangibles recognised by the Group and their useful economic lives are as follows:-

<u>Intangible asset</u>	<u>Useful economic life</u>
Trade marks	10 years

(j) Property, plant and equipment

Items of property, plant and equipment are stated at cost less accumulated depreciation (see below) and impairment losses.

Depreciation is provided to write off the cost or valuation, less estimated residual values, of all fixed assets, evenly over their expected useful lives and it is calculated at the following rates:-

Leasehold improvements	over the period of the lease
Fixtures, fittings and equipment	10% per annum straight line

Restaurants under construction are included in Property, plant and equipment. No depreciation is provided on restaurants under construction until the asset is available for use.

All property, plant and equipment is reviewed for impairment in accordance with IAS36 Impairment of Assets, when there are indications that the carrying value may not be recoverable.

Property, plant and equipment are subject to impairment tests whenever events or changes in circumstances indicate that their carrying amount may not be recoverable. Where the carrying value of an asset or a cash generating unit (CGU) exceeds its recoverable amount (i.e. the higher of value in use and fair value less costs to dispose of the asset), the asset is written down accordingly. The Group view each restaurant as a separate CGU. Value in use is calculated using cash flows over a 10 year period discounted at 10%.

Impairment charges are classed as an exceptional expense and are shown on the face of the consolidated statement of comprehensive income.

(k) Onerous contracts

Provisions for onerous contracts are recognised when the expected benefits to be derived by the Group from a contract are lower than the unavoidable cost of meeting its obligation under the contract.

Notes

forming part of the financial statements for the 53 weeks ended 1 January 2017

(l) Loans and receivables

Trade and other receivables are non-derivative financial assets with fixed or determinable payments that are not quoted in an active market. They arise principally through the provision of goods and services to customers (e.g. trade receivables), but also incorporate other types of contractual monetary asset. They are initially recognised at fair value plus transaction costs that are directly attributable to their acquisition or issue, and are subsequently carried at amortised cost, less provision for impairment.

Impairment provisions are recognised when there is objective evidence that the Group will be unable to collect all of the amounts due under the terms of the receivable, the amount of such a provision being the difference between the net carrying amount and the present value of the future expected cash flows associated with the impaired receivable. For trade receivables, which are reported net, such provisions are recorded in a separate allowance account with the loss being recognised within administrative expenses in the income statement. On confirmation that the trade receivable will not be collectable, the gross carrying value of the asset is written off against the associated provision.

The Group's loans and receivables comprise trade and other receivables and cash and cash equivalents in the balance sheet. The Company's loans and receivables comprise only inter-Company receivables. Cash and cash equivalents include cash in hand and deposits held with banks.

(m) Financial liabilities

Financial liabilities include trade payables, accrued lease charges and other short term monetary liabilities, which are initially recognised at fair value and subsequently carried at amortised cost.

(n) Inventories

Inventories are stated at the lower of cost and net realisable value. Cost comprises all costs of purchase and other costs incurred in bringing the inventories to their present location and condition. Net realisable value is based on estimated selling price less costs incurred up to the point of sale.

(o) Leased assets

Leases are classified as finance leases whenever the terms of the lease are such that they transfer substantially all the risks and rewards of ownership to the Group. All other leases are classified as operating leases. The Group currently has no finance leases. Assets leased under operating leases are not recorded on the balance sheet.

The total rentals payable under the operating leases are charged to the consolidated income statement on a straight-line basis over the lease term. Where the Group sub-let sites to tenants, the rental income and expense are offset within administrative expenses.

Notes

forming part of the financial statements for the 53 weeks ended 1 January 2017

Lease incentives received, primarily rent-free periods, are capitalised and then systematically released to the income statement over the period of the lease term. Payments made to acquire operating leases are treated as pre-paid lease expenses and are amortised over the term of the lease.

(p) Taxation

Tax on the profit and loss for the year comprises current and deferred tax. Tax is recognised in the profit and loss except to the extent that it relates to items recognised directly in equity, in which case it is recognised in equity. Current tax is the expected tax payable or receivable on the taxable income or loss for the year, using tax rates enacted or substantively enacted at the balance sheet date, and any adjustment to tax payable in respect of previous years.

Deferred tax assets and liabilities are recognised where the carrying amount of an asset or liability in the balance sheet differs from its tax base, except for differences arising on:

- The initial recognition of goodwill
- The initial recognition of an asset or liability in a transaction which is not a business combination and at the time of the transaction affects neither accounting or taxable profit.

Recognition of deferred tax assets is restricted to those instances where it is probable that taxable profit will be available against which the difference can be utilised.

Deferred tax is provided using the balance sheet liability method, providing for all temporary differences between the carrying amounts of assets and liabilities recorded for reporting purposes and the amounts used for tax purposes.

The amount of the asset or liability is determined using tax rates that have been enacted or substantively enacted by the reporting date and are expected to apply when the deferred tax liabilities or assets are settled or recovered. Deferred tax balances are not discounted.

(q) Business combinations

The financial statements incorporate the results of business combinations using the purchase method. In the balance sheet, the identifiable assets, liabilities and contingent liabilities are initially recognised at their fair values at the acquisition date. The results of acquired operations are included in the statement of comprehensive income from the date on which control is obtained. They are deconsolidated from the date control ceases.

(r) Goodwill

Goodwill represents the difference between the fair value of consideration paid and the carrying value of the trade and assets for each cash generating unit (CGU) acquired as going concerns.

Goodwill is stated as originally calculated less any accumulated provision for impairment. Goodwill is allocated to individual CGUs where each CGU is a restaurant and is subject to an impairment review at each reporting date.

Notes

forming part of the financial statements for the 53 weeks ended 1 January 2017

(s) Share capital

The Group's ordinary shares are classified as equity instruments.

(t) Operating profit

Operating profit is stated after all expenses, but before financial income or expenses. Non-trading items are items of income or expense which because of their nature and the events giving rise to them, are not directly related to the delivery of the Company's restaurant service to its patrons and merit separate presentation to allow shareholders to understand better the elements of financial performance in the year, so as to facilitate comparison with prior periods and to assess better trends in financial performance.

2 Critical accounting estimates and judgements

The Group makes certain estimates and judgements that affect the application of policies and reported amounts. Estimates and judgements are continually evaluated based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances. In the future, actual experience may differ from these estimates and assumptions. The estimates and assumptions that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial period are discussed below.

(a) Share based payments

The Group operates equity share-based remuneration schemes for employees. Employee services received and the corresponding increase in equity are measured by reference to the fair value of the equity instruments at the date of grant, excluding the impact of any non-market vesting conditions. The fair value of share options is estimated by using valuation models, such as Black Scholes or binomial on the date of grant based on certain assumptions. Those assumptions are described in note 27 and include, among others, the dividend growth rate, expected volatility, expected life of the options (for options with market conditions) and number of options expected to vest.

(b) Accruals

In order to provide for all valid liabilities which exist at the balance sheet date, the Group is required to accrue for certain costs or expenses which have not been invoiced and therefore the amount of which cannot be known with certainty. Such accruals are based on management's best judgement and past experience. Delayed billing in some significant expense categories such as utility costs can lead to sizeable levels of accruals. The total value of accruals as at the balance sheet date is set out in note 18.

(c) Useful lives of property, plant and equipment

Property, plant and equipment are amortised or depreciated over their useful lives. Useful lives are based on management estimates of the period that the assets will generate revenue, which are periodically reviewed for continued appropriateness.

Notes

forming part of the financial statements for the 53 weeks ended 1 January 2017

(d) Impairment reviews

In carrying out an impairment review in accordance with IAS 36 it has been necessary to make estimates and judgements regarding the future performance and cash flows generated by individual trading units which cannot be known with certainty. Past performance is often used as a guide in estimating future performance, or comparison with similar sites. Where the circumstances surrounding a particular trading unit have changed then forecasting future performance becomes extremely judgemental and for these reasons the actual impairment required in the future may differ from the charge made in the financial statements.

(e) Deferred tax

The deferred tax liability provided in the accounts is based on temporary difference between the tax written down values of assets and liabilities and their carrying values in the accounts and as such it is dependent on assumptions made in the Company's corporation tax computations. The assumptions on the proportion of certain elements of capital expenditure which will be eligible for tax relief are subjective and the final calculations agreed with HMRC could differ from the provision made in the financial statements.

3 Revenue and segmental analysis

The Group's activities, comprehensive income, assets and liabilities are wholly attributable to one operating segment (operating restaurants) and arises solely in one geographical segment (United Kingdom).

28 Financial instruments

In common with all other businesses, the Group is exposed to risks that arise from its use of financial instruments. This note describes the Group's objectives, policies and processes for managing those risks and the methods used to measure them. Further quantitative information in respect of these risks is presented throughout these financial statements.

The Group is exposed through its operations to the following financial risks:

- Credit risk
- Interest rate risk
- Liquidity risk

The Group does not have any material exposure to currency risk or other market price risk.

There have been no substantive changes in the Group's exposure to financial instrument risks, its objectives, policies and processes for managing those risks or the methods used to measure them from previous periods unless otherwise stated in this note.

Principal financial instruments

The principal financial instruments used by the Group, from which financial instrument risk arises, are as follows:-

- loans and borrowings
- trade receivables
- cash and cash equivalents
- trade and other payables

General objectives, policies and processes

The Board has overall responsibility for the determination of the Group's risk management objectives and policies.

The overall objective of the Board is to set policies that seek to reduce risk as far as possible without unduly affecting the Group's competitiveness and flexibility. Further details regarding these policies are set out below:

Credit risk

Credit risk is the risk of the financial loss to the Group if a customer or a counterparty to a financial instrument fails to meet its contractual obligations. The Group is mainly exposed to credit risk from rebates from suppliers.

Trade and other receivables, which are neither past due nor impaired, are disclosed in note 17 and represent the maximum credit exposure for the Company.

The Group's principal financial assets are cash and trade receivables. There is minimal credit risk associated with the Group's cash balances. Cash balances are all held with recognised financial institutions. Trade receivables arise in respect of rebates from a major supplier and therefore they are largely offset by trade payables. As such the net amounts receivable form an insignificant part of the Group's business model and therefore the credit risk associated with them is also insignificant to the Group as a whole.

Liquidity risk

Liquidity risk arises from the Group's management of working capital. It is the risk that the Group will encounter difficulty in meeting its financial obligations as they fall due.

The Group's policy is to ensure that it will always have sufficient cash to allow it to meet its liabilities when they become due.

The Group seeks to manage its financial risk to ensure that sufficient liquidity is available to meet foreseeable needs both in the short and long term (note 21). The Board consider detailed cash flow forecasts together with future obligations from capital projects in progress and the resulting impact on its cash balances.

Notes

forming part of the financial statements for the 53 weeks ended 1 January 2017

Interest rate risk

The Group seeks to minimise interest costs by regularly reviewing cash balances.

Interest rate risk arises from the Group's use of interest bearing financial instruments. This is the risk that the future cash flows of the financial instrument will fluctuate because of changes in the interest rates.

The Group is exposed to cash flow interest rate risk from long term borrowings at variable rate. The Group does not seek to fix interest rates on these borrowings because the Board considers the exposure to the interest rate risk to be acceptable.

Surplus funds are invested in interest bearing, instant access bank accounts. The Group also holds short term deposit accounts in relation to tenant deposits received on sublet sites.

Loans and borrowings

The Group has a loan facility with Barclays Bank Plc. Under the terms of the facility the Group may borrow up to a maximum of £5.0m on flexible loan terms and £7.0m on a 5 year fixed term. Interest on this facility is charged at 1.7% above LIBOR plus a variable charge for mandatory associated costs of the lender for all amounts drawn down, with a 0.68% charge on any amounts of the facility that is not drawn down.

At 1 January 2017 if the Bank of England base rate had been 1% higher / lower with all other variables held constant this would not have resulted in any significant variance in the profit or loss or net assets of the Group.

The bank loans are secured by a legal charge over the issued share capital of the Group companies, a legal charge over all the Group's trading sites, and a cross guarantee between Group companies.

Capital disclosures

The Group considers its capital to comprise the ordinary share capital, share premium and retained earnings.

The Group's objective when maintaining capital is to safeguard the entity's ability to continue as a going concern, so that it can continue to provide returns for shareholders and benefits for other stakeholders.

The Group manages its capital structure and makes adjustments to it in the light of strategic plans. In order to maintain or adjust the capital structure, the Group may adjust the amount of dividends paid to shareholders, return capital to shareholders or issue new shares.

NOTICE OF ANNUAL GENERAL MEETING

TASTY PLC

(Registered in England and Wales with no. 5826464)

Notice is hereby given that the 2017 Annual General Meeting of Tasty plc will be held at 32 Charlotte Street, London, W1T 2NQ on 16th May 2017 at 9.30 a.m. for the transaction of the following business:

ORDINARY BUSINESS

As ordinary business to consider and, if thought fit, to pass the following resolutions, each of which will be proposed as ordinary resolutions:

- 1 THAT, the Company's annual accounts for the 53 weeks ended 1 January 2017, together with the report of the auditors and the directors thereon, be received and adopted.
- 2 THAT, Adam Kaye, who retires in accordance with the Company's articles of association, be re-elected as a director.
- 3 THAT, Timothy Cundy, who retires in accordance with the Company's articles of association, be re-elected as a director.
- 4 THAT, BDO LLP be re-appointed as auditors to the Company until the conclusion of the next Annual General Meeting at which accounts of the Company are presented and the directors be authorised to fix their remuneration.

SPECIAL BUSINESS

As special business to consider and, if thought fit, to pass the following resolutions, of which resolution 5 will be proposed as an ordinary resolution and resolution 6 as a special resolution:

- 5 THAT, the directors be and they are generally and unconditionally authorised for the purposes of section 551 of the Companies Act 2006 (the "Act") to exercise all the powers of the Company to allot shares, or to grant rights to subscribe for or to convert any securities into shares, of up to an aggregate nominal amount of £590,000 during the period commencing on the passing of this resolution and expiring on the date of the next annual general meeting of the Company (unless previously revoked, varied or extended by the Company in general meeting), but so that the Company may before such expiry make an offer or agreement which would or might require shares to be allotted, or rights to subscribe for or to convert any securities into shares to be granted, after such expiry and the directors may allot shares, or grant rights to subscribe for or to convert any securities into shares, in pursuance of such offer or agreement notwithstanding that the authority conferred by this resolution has expired. This authority is in substitution for all subsisting authorities, to the extent unused.
- 6 THAT, the directors be and they are empowered during the period commencing on the passing of this resolution and expiring on the date of the next annual general meeting of the Company (unless previously revoked, varied or extended by the Company in general meeting) pursuant to section 570(1) of the Act to allot equity securities (within the meaning of section 560(1) of the Act) wholly for cash pursuant to the authority conferred by resolution 5 above as if section 561(1) of the Act did not apply to any such allotment, provided that this power shall be limited to:
 - (i) the allotment of equity securities for cash up to an aggregate nominal amount of £590,000; and
 - (ii) the allotment of equity securities in connection with an offer of such securities by way of rights to holders of ordinary shares in proportion (as nearly as may be practicable) to their respective holdings of such shares, but subject to such exclusions or other arrangements as the directors may deem necessary or expedient in relation to fractional entitlements or any legal or practical problems under the laws of any territory, or the requirements of any regulatory body or stock exchange, but so that this authority shall allow the Company to make offers or agreements before the expiry and the directors may allot equity securities in pursuance of such offers or agreements as if the powers conferred hereby had not so expired.

By order of the Board

K Lassman

Secretary

12 April 2017

Registered Office: 32 Charlotte Street London W1T 2NQ

Information regarding the Annual General Meeting, including the information required by section 311A of the Companies Act 2006, is available from: www.dimt.co.uk.

Notes:

- (a) Any member of the Company entitled to attend and vote at the Annual General Meeting is also entitled to appoint one or more proxies to attend, speak and vote instead of that member. A member may appoint more than one proxy in relation to the Annual General Meeting provided that each proxy is appointed to exercise the rights attached to a different share or shares held by that member. A proxy may demand, or join in demanding, a poll. A proxy need not be a member of the Company but must attend the Annual General Meeting in order to represent his appointor. A member entitled to attend and vote at the Annual General Meeting may appoint the Chairman or another person as his proxy although the Chairman will not speak for the member. A member who wishes his proxy to speak for him should appoint his own choice of proxy (not the Chairman) and give instructions directly to that person. If you are not a member of the Company but you have been nominated by a member of the Company to enjoy information rights, you do not have a right to appoint any proxies under the procedures set out in these Notes. Please read Note (h) below. Under section 319A of the Companies Act 2006, the Company must answer any question a member asks relating to the business being dealt with at the Annual General Meeting unless:
- answering the question would interfere unduly with the preparation for the Annual General Meeting or involve the disclosure of confidential information;
 - the answer has already been given on a website in the form of an answer to a question; or
 - it is undesirable in the interests of the Company or the good order of the Annual General Meeting that the question be answered.
- (b) To be valid, a Form of Proxy and the power of attorney or other written authority, if any, under which it is signed or an office or notarially certified copy or a copy certified in accordance with the Powers of Attorney Act 1971 of such power and written authority, must be delivered to the Company's registrars, Computershare Investor Services Plc, PO Box 82, The Pavilions, Bridgwater Road, Bristol, BS99 6ZY or electronically at info@dimt.co.uk, in each case not less than 48 hours (excluding weekends and public holidays) before the time appointed for holding the Annual General Meeting or adjourned meeting at which the person named in the Form of Proxy proposes to vote. In the case of a poll taken more than 48 hours (excluding weekends and public holidays) after it is demanded, the document(s) must be delivered as aforesaid not less than 24 hours (excluding weekends and public holidays) before the time appointed for taking the poll, or where the poll is taken not more than 48 hours (excluding weekends and public holidays) after it was demanded, be delivered at the meeting at which the demand is made.
- (c) In order to revoke a proxy instruction a member will need to inform the Company using one of the following methods:
- by sending a signed hard copy notice clearly stating the intention to revoke the proxy appointment to the Company's registrars, Computershare Investor Services Plc, PO Box 82, The Pavilions, Bridgwater Road, Bristol, BS99 6ZY. In the case of a member which is a company, the revocation notice must be executed under its common seal or signed on its behalf by an officer of the company or an attorney for the company. Any power of attorney or any other authority under which the revocation notice is signed (or a duly certified copy of such power or authority) must be included with the revocation notice.
 - by sending an e-mail to info@dimt.co.uk.
- In either case, the revocation notice must be received by the Company's registrars, Computershare Investor Services Plc, PO Box 82, The Pavilions, Bridgwater Road, Bristol, BS99 6ZY before the Annual General Meeting or the holding of a poll subsequently thereto. If a member attempts to revoke his or her proxy appointment but the revocation is received after the time specified then, subject to Note (d) directly below, the proxy appointment will remain valid.
- (d) Completion and return of a Form of Proxy will not preclude a member of the Company from attending and voting in person. If a member appoints a proxy and that member attends the Annual General Meeting in person, the proxy appointment will automatically be terminated.
- (e) Copies of the Directors' Letters of Appointment, the Register of Directors' interests in the Shares of the Company kept and a copy of the current Articles of Association will be available for inspection at the registered office of the Company during usual business hours on any weekday (Saturday and Public Holidays excluded) from the date of this notice, until the end of the Annual General Meeting and at the place of the Annual General Meeting for at least 15 minutes prior to and during the Annual General Meeting.
- (f) Pursuant to Regulation 41 of the Uncertificated Securities Regulations 2001, the Company has specified that only those holders of the Company's shares registered on the Register of Members of the Company as at 5.30 p.m. on 12 May 2017 or, in the event that the Annual General Meeting is adjourned, on the Register of Members 48 hours before the time of any adjourned meeting, shall be entitled to attend and vote at the said Annual General Meeting in respect of such shares registered in their name at the relevant time. Changes to entries on the Register of Members after 5.30 p.m. on 12 May 2017 or, in the event that the Annual General Meeting is adjourned, on the Register of Members less than 48 hours before the time of any adjourned meeting, shall be disregarded in determining the right of any person to attend and vote at the Annual General Meeting.

- (g) As at 12 April 2016 the Company's issued share capital comprised 59,795,496 Ordinary Shares. The total number of voting rights in the Company as at 12 April 2016 is 59,795,496. The website referred to above will include information on the number of shares and voting rights.
- (h) If you are a person who has been nominated under section 146 of the Companies Act 2006 to enjoy information rights ("Nominated Person"):
- You may have a right under an agreement between you and the member of the Company who has nominated you to have information rights ("Relevant Member") to be appointed or to have someone else appointed as a proxy for the Annual General Meeting;
 - If you either do not have such a right or if you have such a right but do not wish to exercise it, you may have a right under an agreement between you and the Relevant Member to give instructions to the Relevant Member as to the exercise of voting rights;
 - Your main point of contact in terms of your investment in the Company remains the Relevant Member (or, perhaps your custodian or broker) and you should continue to contact them (and not the Company) regarding any changes or queries relating to your personal details and your interest in the Company (including any administrative matters). The only exception to this is where the Company expressly requests a response from you.
- (i) A corporation which is a member can appoint one or more corporate representatives who may exercise, on its behalf, all its powers as a member provided that no more than one corporate representative exercises powers over the same share.
- (j) A vote withheld is not a vote in law, which means that the vote will not be counted in the calculation of votes for or against the resolution. If no voting indication is given, the proxy will vote or abstain from voting at his or her discretion. The proxy will vote (or abstain from voting) as he or she thinks fit in relation to any other matter which is put before the Annual General Meeting.
- (k) Except as provided above, members who have general queries about the General Meeting should call the Company's registrars, Computershare Investor Services Plc, PO Box 82, The Pavilions, Bridgwater Road, Bristol, BS99 6ZY on 0870 707 1580 (no other methods of communication will be accepted).
- (l) Members may not use any electronic address provided either in this notice of Annual General Meeting, or any related documents (including the Chairman's letter and proxy form), to communicate with the Company for any purposes other than those expressly stated.
